

**Foreign Amalgamation  
using Parent Stock**

Z and V are entities organized under the laws of Country Q and classified as corporations for Federal income tax purposes. Z and V amalgamate. Pursuant to statutes of Country Q, the following events occur simultaneously: all the assets and liabilities of Z and V become the assets and liabilities of R, an entity that is created in the transaction and that is wholly owned by Y immediately after the transaction, and Z's and V's separate legal existences cease for all purposes. In the transaction, the Z and V shareholders exchange their Z and V stock, respectively, for stock of Y.

The transaction qualifies as the statutory merger or consolidation of each of Z and V into R, a corporation controlled by Y, and is a reorganization under section 368(a)(1)(A) by reason of section 368(a)(2)(D) because the transaction is effected pursuant to Country Q law and the following events occur simultaneously at the effective time of the transaction: all of the assets and liabilities of Z and V, respectively, each of which is the combining entity of a transferor unit, become the assets and liabilities of R, the combining entity and sole member of the transferee unit, with regard to each of the above transfers, and Z and V each ceases its separate legal existence for all purposes. Because Y is in control of R immediately after the transaction, the Z shareholders and the V shareholders will be treated as receiving stock of a corporation that is in control of R, the combining entity of the transferee unit that is the acquiring corporation for purposes of section 368(a)(2)(D).
