Pre-Merger Sale & Distribution

Merger

Z operates two unrelated businesses, Business P and Business Q, each of which represents 50 percent of the value of the assets of Z. Y desires to acquire and continue operating Business P, but does not want to acquire Business Q. Pursuant to a single plan, Z sells Business Q for cash to parties unrelated to Z and Y in a taxable transaction, and then distributes the proceeds of the sale pro rata to its shareholders. Then, pursuant to State W law, Z merges into Y. Pursuant to such law, the following events occur simultaneously at the effective time of the transaction: all of the assets and liabilities of Z related to Business P become the assets and liabilities of Y and Z's separate legal existence ceases for all purposes. In the merger, the Z shareholders exchange their Z stock for Y stock.

The transaction qualifies as a statutory merger or consolidation for purposes of section 368(a)(1)(A) because the transaction is effected pursuant to State W law and the following events occur simultaneously at the effective time of the transaction: all of the assets and liabilities of Z, the combining entity and sole member of the transferor unit, become the assets and liabilities of Y, the combining entity and sole member of the transferee unit, and Z ceases its separate legal existence for all purposes.
